INDEX TO VOL. III.

Act for Compulsory Ventilation....17, 57
Address on Compulsory Legislation, L. H. Hart's.... 11
President's, W. M. Mackay.... 256
Prof. R. C. Carpenter.... 68
Air Currents in Hot Blast Apparatus, Constancy of, Prof. R. C. Carpenter, 253; Diffusers, 226; Method of Determining Vitiation of, Topic No. 11, 224; Passing through a Register per Minute, Determining the volume of, 101; Without Drafts, Maximum Velocity of, Topic No. 15, 225; Supply for Direct-indirect and Indirect Heating, Area for Fresh, Topic No. 7,.... 216
Annual Meeting, Disc. on.... 66
Arrangement of Mains in Hot Water Heating Apparatus, W. M. Mackay 115
Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7.... 216
Baldwin, Wm. J., Disc. on Methods of Proportioning Direct Radiation, 89; Separation of Oil and Grease from Exhaust Steam, 91, 96, 97, 98, 99; Disc. on Gravity System of Heating and Ventilation, 112; Disc. on Volume of Air Passing through a Register per Minute, 114; Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere.... 177
Barron, H. J., Disc. on Compulsory Ventilation Act, 22, 23; Disc. on Methods of Proportioning Direct Radiation, 83, 86, 89; Disc. on Separation of Oil and Grease from Exhaust Steam, 99; Disc. on Volume of Air Passing through a Register per Minute, 110; Disc. on Arrangement of Hot Water Mains, 119, 125; Disc. on Circulation of Hot Water, 129, 132; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 144, 150; Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, 171; Disc. on Comparative Tests of Two Centrifugal Fans, 192, 199; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1, 205; Disc. on Temperature of Hot Air Furnaces, Topic No. 3, 206; Disc. on Value of Radiant Heat, Topic No. 4, 211; Disc. on Relative Value of Fire-box and Flue Surface in Boilers, Topic No. 5, 212; Disc. on Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7, 216; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 219, 221, 223; Disc. on Heat Regulation, Topic No. 10, 223; Disc. on Corrosion of Steam Pipes Packed in Mineral Wool, Topic No. 12, 224; Disc. on Maximum Velocity of Air without Drafts, Topic No. 15....225, 227

INDEX TO VOL. III.

Act for Compulsory Ventilation....17, 57
Address on Compulsory Legislation, L. H. Hart's.... 11
President's, W. M. Mackay.... 256
Prof. R. C. Carpenter.... 68
Air Currents in Hot Blast Apparatus, Constancy of, Prof. R. C. Carpenter, 253; Diffusers, 226; Method of Determining Vitiation of, Topic No. 11, 224; Passing through a Register per Minute, Determining the volume of, 101; Without Drafts, Maximum Velocity of, Topic No. 15, 225; Supply for Direct-indirect and Indirect Heating, Area for Fresh, Topic No. 7,.... 216
Annual Meeting, Disc. on.... 66
Arrangement of Mains in Hot Water Heating Apparatus, W. M. Mackay 115
Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7.... 216
Baldwin, Wm. J., Disc. on Methods of Proportioning Direct Radiation, 89; Separation of Oil and Grease from Exhaust Steam, 91, 96, 97, 98, 99; Disc. on Gravity System of Heating and Ventilation, 112; Disc. on Volume of Air Passing through a Register per Minute, 114; Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere.... 177
Barron, H. J., Disc. on Compulsory Ventilation Act, 22, 23; Disc. on Methods of Proportioning Direct Radiation, 83, 86, 89; Disc. on Separation of Oil and Grease from Exhaust Steam, 99; Disc. on Volume of Air Passing through a Register per Minute, 110; Disc. on Arrangement of Hot Water Mains, 119, 125; Disc. on Circulation of Hot Water, 129, 132; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 144, 150; Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, 171; Disc. on Comparative Tests of Two Centrifugal Fans, 192, 199; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1, 205; Disc. on Temperature of Hot Air Furnaces, Topic No. 3, 206; Disc. on Value of Radiant Heat, Topic No. 4, 211; Disc. on Relative Value of Fire-box and Flue Surface in Boilers, Topic No. 5, 212; Disc. on Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7, 216; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 219, 221, 223; Disc. on Heat Regulation, Topic No. 10, 223; Disc. on Corrosion of Steam Pipes Packed in Mineral Wool, Topic No. 12, 224; Disc. on Maximum Velocity of Air without Drafts, Topic No. 15....225, 227

Barron, H. J., Disc. on Sizes of Steam and Return Risers in Two-pipe Low Pressure Steam System, Topic No. 22, 231; Disc. on Steam Pipe Connection to Power Header, Engines and Pumps, Topic No. 23, 241, 242, 243; Disc. on Relation Between Steam and Water Ratings of Heating Boilers, 264; Disc. on Efficiency of Heating Systems.....271, 272
Barwick, Thos., Disc. on Comparative Test of two Centrifugal Fans, 193, 194, 196, 197; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 218; Disc. on Sizes of Steam and Return Risers in Two-pipe Low Pressure Steam System, Topic No. 22 234
Board of Managers, 3; Report of..... 7
Boiler, Value of Radiant Heat in Fire-box of, Topic No. 4..... 211
Boilers, Relation that Should Exist Between the Steam and Water Ratings of House Heating, A. C. Mott, 258; Relative Value of Fire-box and Flue Surface in, Topic No. 5..... 212
Bolton, R. P., Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, 155, 181; Disc. on Efficiency of Heating Systems..... 272
Bituminous Coal, Fire-box for Burning, Topic No. 13..... 224
Blackmore, J. J., Report of Council, 7; Disc. on Compulsory Ventilation Act, 18; Disc. on Methods of Proportioning Direct Radiation, 82; Disc. on Separation of Oil and Grease from Exhaust Steam, 96, 97; Disc. on Gravity System of Heating and Ventilation, 112; Disc. on Circulation of Hot Water, 128; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 149; Disc. on Kent Draft Gauge, 152; Disc. on Comparative Tests of Two Centrifugal Fans, 192; Disc. on Temperature of Hot Air Furnace, Topic No. 3.....206, 207
Blower Construction, Disk Fan and, Topic No. 8, 218; Experiments at Cornell University, Talk on Fan, by Prof. R. C. Carpenter.. 246
Blowing Fans, Prof. R. C. Carpenter..... 274
Blowers, Relative Value of Large and Small Fan, Topic No. 14..... 224
Capacity of Water Heating Surface in Combination Heater, Topic No. 19 229
Carpenter, B. H., Report of Committee on Compulsory Legislation, 9, 16, 19, 22, 26; Disc. on Separation of Oil and Grease from Exhaust Steam, 97; Disc. on Comparative Tests of Two Centrifugal Fans, 197; Disc. on Temperature of Hot Air Furnace, Topic No. 3, 208, 209, 210; Disc. on Recent Changes in Hot Air Furnace Construction and their Efficiency, Topic No. 6, 214; Disc. on Maximum Velocity of Air without Drafts, Topic No. 15 228
Carpenter, Prof. R. C., President's Address, 68; Disc. on Methods of Proportioning Direct Radiation, 82, 87; Disc. on Separation of Oil and Grease from Exhaust Steam, 99; Volume of Air Passing through a Register per Minute, 113; Circulation of Hot Water, 127; Relative Efficiency of Ventilation by a Chimney and by a Fan, 135; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 143, 148, 150; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1, 204, 205; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9..... 218

Carpenter, R. C., Talk on Fan Blower Experiments at Cornell University, 246; Constancy of Air Currents in Hot Blast Apparatus, 253; Disc. on Relation Between Steam and Water Ratings of Heating Boilers, 266, 267; Blowing Fans..... 274
Cary, A. A., Disc. on Compulsory Ventilation Act, 20, 22; Disc. on Separation of Oil and Grease from Exhaust Steam, 97, 98; Disc. on Circulation of Hot Water, 128; Disc. on Kent Draft Gauge, 153, 154; Disc. on Mr. Bolton's paper, 174, 176, 179, 180; Disc. on Comparative Tests of Two Centrifugal Fans, 191; Disc. on Comparative Tests of Two Centrifugal Fans, 194; Disc. on Temperature of Hot Air Furnace, Topic No. 3, 209; Disc. on Steam Pipe Connections to Power Header Engines and Pumps, Topic No. 23.....238, 240, 242, 243
Centrifugal Fans, Comparative Tests of Two, Prof. J. E. Denton.... 187
Changes in Hot Air Furnace Construction and their Efficiency, Topic No. 6 213
Chimney and Fan, Relative Efficiency of Ventilation by..... 135
Circulation of Hot Water, Disc. by C. S. Hopkins, 123, 125, 126; A. A. Cary, 127; Prof. R. C. Carpenter, 127; J. J. Blackmore, 128; H. J. Barron..... 129
Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, Reginald Pelham Bolton..... 155
Coal, Fire-box for Burning Bituminous, Topic No. 13..... 224
Mixtures, Topic No. 17..... 229
Coefficients of Heat Transmission.....78, 79
Combination Heater, Capacity of Water Heating Surface in, Topic No. 19 229
Committee on Compulsory Legislation, 4, 64; Report of, 9, 56; Nominating, 64; Recommendations in Various Reports, 36; Resolutions of Condolence, 33; Revision of the Constitution, Report of. 65
Committee on Standards, 4, 64; Report of..... 55
Committee on Tests, 4, 64; Report of..... 38
Committee on Uniform Contract and Specifications, 4, 64; Report of.. 40
Comparative Tests of Two Centrifugal Fans, Prof. J. E. Denton.... 187
Compulsory Ventilation, Act for, 17; Legislation, L. H. Hart's Address on, 11; Committee on, 4, 64; Report of..... 9
Condolence, Committee on Resolutions of..... 33
Connecting Radiators in a Hot Water System with Long Mains, Method of Piping or, Topic No. 2..... 206
Connections to Power Header, Engines, and Pumps, Steam Pipe, Topic No. 23..... 235
Connolly, J. A., Disc. on Uniform Contract and Specifications, 51; Disc. on Methods of Proportioning Direct Radiation, 87; Disc. on Arrangement of Hot Water Mains, 121, 122, 133; Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, 178; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 218, 223; Disc. on Heat Regulation, Topic No. 10, 223, 224; Disc. on Prof. Carpenter's Talk on Fan Blower Experiments, 253; Disc. on Relation Between Steam and Water Ratings of Heating Boilers, 264, 267

Constancy of Air Currents in Hot Blast Apparatus, Prof. R. C. Carpenter 253
Constitution, Report of Committee on Revision of the..... 65
Construction, Disk Fan and Blower, Topic No. 8..... 218
Contract and Specifications, Report of Committee on Uniform.....40, 64
Cooling, Interchangeable System of Heating and, Topic No. 9..... 218
Cornell University, Talk on Fan Blower Experiments, by Prof. R. C. Carpenter 246
Corrosion of Underground Steam Pipes Packed in Mineral Wool, Topic No. 12..... 224
Crosby, C. F., Disc. on Comparative Tests of Two Centrifugal Fans, 199; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 218, 221; Disc. on Maximum Velocity of Air without Drafts, Topic No. 15.....225, 226
Council, 3; Report of..... 7
Death of L. H. Hart..... 6, 27
Denton, Prof. J. E., Comparative Tests of Two Centrifugal Fans.. 187
Determining the Volume of Air Passing through a Register per Minute, J. H. Kinealy..... 101
Diffusers, Air 226
Direct-indirect and Indirect Heating, Area for Fresh Air Supply for, Topic No. 7, 216; Radiation, Methods of Proportioning..... 73
Discussion on Arrangement of Mains in Hot Water Heating Apparatus, H. J. Barron, 119, 123; J. A. Connolly, 121, 122, 126, 133, 134; W. M. Mackay, 122, 125, 132, 134; A. A. Cary, 122, 123, 127; H. J. Barron, 123, 125, 129, 132; C. S. Hopkins, 123, 124, 125, 126; Wm. Kent, 124, 126; Prof. R. C. Carpenter, 125, 127; W. F. Wolfe, 126; J. Gormly.....130, 134
Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, W. H. McKiever, 169; H. J. Barron, 171, 181; W. F. Wolfe, 174, 177; A. A. Cary, 174, 176, 179, 180; Prof. R. C. Carpenter, 175, 177; A. Harvey, 174; Wm. Kent, 175; B. F. Stangland, 177; Wm. J. Baldwin, 177, 179; A. G. Paul, 177; J. A. Connolly, 178, 179; E. Rutzler, 181; R. P. Bolton..... 181
Comparative Test of Two Centrifugal Fans, A. A. Cary, 191, 194, 200; H. J. Barron, 192, 199, 200; J. Inglis, 192, 193, 194, 197; J. J. Blackmore, 192; J. R. Wendover, 193, 195, 196; Thos. Barwick, 193, 194, 196, 197; Wm. Kent, 194, 197, 198; S. A. Jellett, 195, 196, 198; B. H. Carpenter, 197; C. F. Crosby, 199; Wm. McMannis 199
Determining the Volume of Air Passing Through a Register per Minute, C. Wadsworth, 106; W. F. Wolfe, 106, 107, 108, 110, 111, 113; Wm. Kent, 107, 108, 110, 111; Mr. Miller, 107; S. A. Jellett, 108, 114; H. J. Barron, 110, 113; Wm. J. Baldwin, 112, 114; J. J. Blackmore, 112; A. E. Kenrick, 113; Prof. R. C. Carpenter..... 113
Efficiency of Heating Systems as Affected by the Removal of Air from the Radiators and Consequent Reduction of Pressure, R. P. Bolton, 272; A. G. Paul..... 272
Efficiency of Ventilation by a Chimney and by a Fan, A. Harvey, 142, 143, 148, 149; Prof. R. C. Carpenter, 143, 148, 150; J. Gormly, 143; Wm. Kent, 143, 151, 152, 153, 154; Barron 144, 150; W. F. Wolfe 148, 149

Discussion on Efficiency of Ventilation by a Chimney and by a Fan, J. J. Blackmore, 149; B. Harold Carpenter, 153; A. A. Cary.... 153
Gravity System of Heating and Ventilation, W. F. Wolfe.....112, 113
Methods of Proportioning Direct Radiation, J. J. Blackmore, 82; Prof. R. C. Carpenter, 82; H. J. Barron, 83, 86; Wm. Kent, 84, 86; J. A. Connolly, 87; A. Harvey, 87; A. A. Cary, 89; Wm. J. Baldwin 89
Relation that Should Exist Between Steam and Water Ratings of House Heating Boilers, W. M. Mackay, 262, 264, 265; H. J. Barron, 264; J. A. Connolly, 264; A. Mott, 265; Prof. R. C. Carpenter 266, 267
Semi-annual meeting 66
Separation of Oil and Grease from Exhaust Steam, J. J. Blackmore, 96; Wm. J. Baldwin, 96, 97, 98, 99; A. A. Cary, 97, 98; B. Harold Carpenter, 97, 98; Mr. Miller, 98; Prof. R. C. Carpenter, 99; H. J. Barron, 99; A. Harvey..... 98
Disk Fan and Blower Construction, Topic No. 8..... 218
Draft Gauge, Kent..... 151
Drafts, Maximum Velocity of Air without, Topic No. 15..... 225
Dwellings, Oil or Gas Fuel in Heating, Topic No. 1..... 201
Efficiency, Changes in Hot Air Furnace Construction and their, Topic No. 6, 213; of Heating Systems as Affected by the Removal of Air from the Radiators and Consequent Reduction of Pressure, H. A. Joslin, 268; One Air Outlet Compared with Several Outlets in Different Parts of the Room, Topic No. 16, 229; Ventilation by a Chimney and by a Fan, Prof. R. C. Carpenter, Relative 135
Engines and Pumps, Steam Pipe Connections from Power Header to, Topic No. 23..... 235
Exhaust Steam, Separation of Oil and Grease from..... 91
Experiments at Cornell University, Talk on Fan Blower, Prof. R. C. Carpenter 246
Fan and Blower Construction, Topic No. 8, 218; Blower Experiments at Cornell University, Talk on, by Prof. R. C. Carpenter, 246; Blowers, Relative Value of Large and Small, Topic No. 14, 224; Relative Efficiency of Ventilation by a Chimney and by a.. 135
Fans, Comparative Tests of Two Centrifugal, Prof. J. E. Denton, 187; Blowing, Prof. R. C. Carpenter..... 274
Final Report of Committee on Compulsory Legislation..... 56
Fire-box and Flue Surface in Boilers, Relative Value of, Topic No. 5, 212; for Burning Bituminous Coal, Topic No. 13, 224; of Boiler, Value of Radiant Heat in, Topic No. 4..... 211
Fish, J. A., Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1 205
Flow of Steam in Low Pressure Heating System, Velocity of, Topic No. 21..... 231
Flue Surface in Boilers, Relative Value of Fire-box and, Topic No. 5. 212
Fresh Air Supply for Direct-indirect and Indirect Heating, Area for, Topic No. 7..... 216
Fuel in Heating Dwellings, Oil or Gas, Topic No. 1..... 201
Funeral of L. H. Hart, Floral Tribute for..... 32

Furnace Construction and their Efficiency, Changes in Hot Air, Topic No. 6, 213; Highest Temperature that can be Maintained in Without Detriment to the Air Passing Through It, Topic No. 3. 206
Gas Fuel in Heating Dwellings, Oil or, Topic No. 1..... 201
Gauge, Kent Draft..... 151
Goodrich, J. A., Report of Treasurer..... 6
Gormly, J., Disc. on Arrangement of Hot Water Mains, 130; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 143; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 2 .....203, 204
Gravity System of Heating and Ventilation, W. F. Wolfe, Disc. on.112, 113
Grease from Exhaust Steam, Separation of Oil and..... 91
Gurney, Mr., Toronto, Can., Disc. on Compulsory Ventilation Act... 62
Hart, L. H., Death of, 6, 27; Floral Tribute for Funeral of, 32; Address of on Compulsory Legislation..... 11
Harvey, A., Disc. on Methods of Proportioning Direct Radiation, 87; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 142, 143, 148; Disc. Oil or Gas Fuel in Heating Dwellings, Topic No. 1.....201, 202, 203
Heat from Windows, Loss of, 74; in Fire-box of Boiler, Value of Radiant, Topic No. 4, 211; Regulation, Topic No. 10, 223; through Walls, Loss of, 75, 76; Transmission, Coefficients of...78, 79
Heater, Capacity of Water Heating Surface in Combination, Topic No. 19..... 229
Heating Apparatus, Arrangement of Mains in Hot Water, 115; and Cooling, Interchangeable System of, Topic No. 9, 218; Ventilation, W. F. Wolfe, Disc. on Gravity System of, 112, 113; Area for Fresh Air Supply for Direct-indirect and Indirect, Topic No. 7, 216; Boilers, Relation that Should Exist Between the Steam and Water Ratings of House, A. C. Mott, 258; Dwellings, Oil or Gas Fuel in, Topic No. 1, 201; Purposes at or Below the Pressure of the Atmosphere, Circulation of Steam for, Reginald Pelham Bolton, 155; Surface in Combination Heater, Capacity of Water, Topic No. 19, 229; System, Velocity of Flow of Steam in Low Pressure, Topic No. 21, 231; Systems as Affected by the Removal of Air from the Radiators and Consequent Reduction of Pressure, Efficiency of, H. A. Joslin..... 268
Hopkins, C. S., Disc. on Circulation of Hot Water and Arrangement of Hot Water Mains, 123, 125, 126; Disc. on Regulation of Heat in Radiators, 178; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1.....204, 205
Hot Air Furnace Construction and their Efficiency, Changes in, Topic No. 6, 213; the Highest Temperature that can be Maintained in Without Detriment to the Air Passing Through It, Topic No. 3, 206; Blast Apparatus, Constancy of Air Currents in, Prof. R. C. Carpenter, 253; Water, Circulation of, C. S. Hopkins, 123, 125, 126; A. A. Cary, 127; Prof. R. C. Carpenter, 127; J. J. Blackmore, 128; H. J. Barron, 129; Heating Apparatus, Arrangement of Mains in, 115; System with Long Mains, Method of Piping or Connecting Radiators in a, Topic No. 2.... 206
House Heating Boilers, Relation that Should Exist Between the Steam and Water Ratings of, A. C. Mott..... 258

Humidity, Regulation of, Topic No. 20..... 231
Indirect Heating, Area for Fresh Air Supply for Direct-indirect and, Topic No. 7..... 216
Inglis, Jas., Disc. on Comparative Tests of Two Centrifugal Fans, 192, 193, 197; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9..... 222
Installation of Officers..... 64
Interchangeable System of Heating and Cooling, Topic No. 9..... 218
Jellett, S. A., Disc. on Compulsory Ventilation Act, 23, 24, 25, 26, 59; Disc. on Uniform Contract and Specifications, 52, 53, 54, 55; Disc. Revision of Constitution, 65; Disc. on Volume of Air Passing through a Register per Minute, 108, 114; Disc. on Comparative Tests of Two Centrifugal Fans, 195, 196, 197, 198; Disc. on Recent Changes in Hot Air Furnace Construction and their Efficiency, Topic No. 6, 213; Disc. on Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7, 216, 217; Disc. on Maximum Velocity of Air without Drafts, Topic No. 15, 225; Disc. on Sizes of Steam and Return Risers in Two-pipe Low Pressure Steam System, Topic No. 22, 232; Disc. on Steam Pipe Connections to Power Header, Engines, and Pumps, Topic No. 23, 235, 239, 241, 242; Disc. on Prof. Carpenter's Talk on Fan Blower Experiments.....253, 254
Joslin, H. A., Efficiency of Heating Systems as Affected by the Removal of Air from the Radiators of and Consequent Reduction of Pressure 268
Kent, Wm., Disc. on Methods of Proportioning Direct Radiation, 84, 86; Disc. on Volume of Air Passing through a Register per Minute, 108, 110; Disc. on Kent Draft Gauge, 152, 153; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 143, 151; Disc. on Presentation of Patented Articles to the Society, 175; Disc. on Comparative Tests of Two Centrifugal Fans, 194, 197, 198; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1, 201, 204; Disc. on Temperature of Hot Air Furnace, Topic No. 3, 206; Disc. on Value of Radiant Heat, Topic No. 4, 211; Disc. on Relative Value of Fire-box and Flue Surface in Boilers, Topic No. 5, 212; Disc. on Steam Pipe Connection to Power Header, Engines, and Pumps, Topic No. 23..... 241
Kent Draft Gauge..... 151
Kenrick, A. E., Disc. on Compulsory Ventilation Act..... 59
Kinealy, J. H., Determining the Volume of Air Passing through a Register per Minute..... 101
Large and Small Fan Blowers, Relative Value of, Topic No. 14..... 224
Legislation, Committee on Compulsory, 4, 64; Report of, 9, 56; L. H. Hart's Address on Compulsory..... 11
Location of Thermostats, Topic No. 18..... 229
Loss of Heat from Windows, 74; through Walls.....75, 76
Low Pressure Heating System, Velocity of Flow of Steam in, Topic No. 21, 231; Steam System, Sizes of Steam and Return Risers in Two-pipe, Topic No. 22..... 231
Mackay, W. M., Report of Board of Managers, 7; Disc. on Compulsory Ventilation Act, 19, 20; Disc. on Arrangement of Mains in Hot Water Heating Apparatus.....115, 132, 133, 134

Mackay, W. M., President's Address, 256; Disc. on Relation Between Steam and Water Ratings of Heating Boilers, 262, 264, 265; Disc. on Efficiency of Heating Systems....271, 272
Managers, Board of, 3; Report of.... 7
Maximum Velocity of Air without Drafts, Topic No. 15.... 225
Mains in Hot Water Heating Apparatus, Arrangement of, 115; Method of Piping or Connecting Radiators in a Hot Water System with Long, Topic No. 2.... 206
McKiever, W. H., Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, 169; Disc. on Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7, 217; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 219, 223; Disc. on Heat Regulation, Topic No. 10.... 223
Meeting, Proceedings of the First Semi-annual, 245; Disc. on Semi-annual 66
Members, New 9
Membership of the Society.... 289
Method of Piping or Connecting Radiators in a Hot Water System with Long Mains, Topic No. 2.... 206
Methods of Proportioning Direct Radiation, by Prof. R. C. Carpenter 73
Miller, Mr., Disc. on Separation of Oil and Grease from Exhaust Steam, 98; Disc. on Volume of Air Passing through a Register per Minute, 107; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1....201, 202
Mineral Wool, Corrosion of Underground Steam Pipes Packed in, Topic No. 12.... 224
Mixtures, Coal, Topic No. 17.... 229
Mott, A. C., Disc. on Recent Changes in Hot Air Furnace Construction and their Efficiency, Topic No. 6, 213; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 222; Relation that Should Exist Between the Steam and Water Ratings of House Heating Boilers, 258; Disc. on Relation Between Steam and Water Ratings of Heating Boilers.... 265
New Members 9
Nominating Committee 4, 64
Nominations for Secretary....28, 29, 30, 31, 32
Officers of the Society, 3; Installation of.... 64
Oil and Grease from Exhaust Steam, Separation of, 91; or Gas Fuel in Heating Dwellings, Topic No. 1.... 201
Outlets in Different Parts of the Room, Efficiency of One Air Outlet Compared with Several, Topic No. 16.... 229
Paul, A. G., Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, 177; Disc. on Efficiency of Heating Systems.... 272
Pipe Connections to Power Header, Engines, and Pumps, Steam, Topic No. 23.... 235
Piping or Connecting Radiators in a Hot Water System with Long Mains, Method of, Topic No. 2.... 206
Pipes Packed in Mineral Wool, Corrosion of Underground Steam, Topic No. 12.... 224

Power Header, Engines, and Pumps, Steam Pipe Connections to, Topic No. 23 235
President's Address, Prof. R. C. Carpenter, 68; W. M. Mackay 256
Pressure of the Atmosphere, Circulation of Steam for Heating Purposes at or Below the, Reginald Pelham Bolton 155
Proceedings of the First Semi-annual Meeting 245
Proportioning Direct Radiation, Methods of 73
Pumps, Steam Pipe Connections to Power Header, Engines, and, Topic No. 23 235

Quay, D. M., Disc. on Uniform Contract and Specifications, 53; Disc. on Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7, 217; Disc. on Maximum Velocity of Air without Drafts, Topic No. 15, 227; Disc. on Velocity of Flow of Steam in Low Pressure Heating System, 231; Disc. on Sizes of Steam and Return Risers in Two-pipe Low Pressure Steam System, Topic No. 22 232

Radiators in a Hot Water System with Long Mains, Method of Piping or Connecting, Topic No. 2 206
Radiant Heat in Fire-box of Boiler, Value of, Topic No. 4 211
Radiation, Methods of Proportioning Direct 73
Ratings of House Heating Boilers, Relation that Should Exist Between the Steam and Water, A. C. Mott 258
Recommendations in Various Reports, Committee on 36
Regulation, Heat, Topic No. 10, 223; of Humidity, Topic No. 20 231
Register per Minute, Determining the Volume of Air Passing through 101
Relative Efficiency of Ventilation by a Chimney and by a Fan, Prof. R. C. Carpenter, 135; Value of Fire-box and Flue Surface in Boilers, Topic No. 5, 212; of Large and Small Fan Blowers, Topic No. 14 224
Relation that Should Exist Between the Steam and Water Ratings of House Heating Boilers, A. C. Mott 258
Report of Tellers, 39; Treasurer's, 6; Secretary's, 6; Board of Managers', 7; Committee on Revision of the Constitution, H. J. Barron, 65; on Compulsory Legislation, 9, 156; on Standards, H. J. Barron, 55; on Uniform Contract and Specifications, S. A. Jellett, 40; on Tests, A. A. Cary, 38; Council 7
Reports, Committee on Recommendations in Various 36
Return Risers in Two-pipe Low Pressure Steam System, Sizes of Steam and, Topic No. 22 231
Resolutions of Condolence, Committee on 33
Revision of the Constitution, Report of the Committee 65
Risers in Two-pipe Low Pressure Steam System, Sizes of Steam and Return, Topic No. 22 231

Schaeffer, Louis, Antwerp, Belgium 55
Secretary, Nominations for 28, 29, 30, 31, 32
Secretary's Report 6
Semi-annual Meeting, Disc. on, 66; Proceedings of the First 245
Separation of Oil and Grease from Exhaust Steam, by Wm. J. Baldwin, M.E. 91
Sizes of Steam and Return Risers in Two-pipe Low Pressure Steam System, Topic No. 22 231

Small Fan Blowers, Relative Value of Large and, Topic No. 14..... 224
Society, Membership of..... 289
Specifications, Committee on Uniform Contracts and, 64; Report of.. 40
Standards, Committee on, 64; Report of..... 55
Stangland, B. F., Disc. on Circulation of Steam for Heating Purposes at or Below the Pressure of the Atmosphere, 177; Disc. on Interchangeable System of Heating and Cooling, Topic No. 9, 218, 220, 222; Disc. on Maximum Velocity of Air without Drafts, Topic No. 15.....225, 228
Steam and Return Risers in Two-pipe Low Pressure Steam System, Sizes of, Topic No. 22, 231; Water Ratings of House Heating Boilers, Relation that Should Exist Between the, A. C. Mott, 258; for Heating Purposes at or Below the Pressure of the Atmosphere, Circulation of, Reginald Pelham Bolton, 155; in Low Pressure Heating System, Velocity of Flow of, Topic No. 21, 231; Pipe Connections to Power Header, Engines, and Pumps, Topic No. 23, 235; Pipes Packed in Mineral Wool, Corrosion of Underground, Topic No. 12, 224; System, Sizes of Steam and Return Risers in Two-pipe Low Pressure, Topic No. 22..... 231
Surface in Boilers, Relative Value of Fire-box and Flue, Topic No. 5, 212; Combination Heater, Capacity of Water Heating, Topic No. 19..... 229
System of Heating and Cooling, Interchangeable, Topic No. 9, 218; with Long Mains, Method of Piping or Connecting Radiators in a Hot Water, Topic No. 2, 206; of Heating and Ventilation, W. F. Wolfe, Disc. on Gravity, 112, 113; Sizes of Steam and Return Risers in Two-pipe Low Pressure Steam, Topic No. 22, 231; Velocity of Flow of Steam in Low Pressure Heating, Topic No. 21..... 231
Systems as Affected by the Removal of Air from the Radiators and Consequent Reduction of Pressure, Efficiency of Heating, H. A. Joslin 268
Switzer, W. H., Disc. on Recent Changes in Hot Air Furnace Construction and their Efficiency, Topic No. 6..... 215

Talk on Fan Blower Experiments at Cornell University, by Prof. R. C. Carpenter..... 246
Tellers, Report of..... 39
Temperature that can be Maintained in Hot Air Furnace without Detriment to the Air Passing Through It, Highest, Topic No. 3. 206
Tests, Committee on, 4, 64; Report of, 38; of Two Centrifugal Fans, Comparative, Prof. J. E. Denton..... 187
Thermostats, Location of, Topic No. 18..... 229

Topical Discussions.

No. 1. Can Oil or Gas Fuel be Used to Advantage in Heating Dwellings? 201; Disc. on, Wm. Kent, 201; A. Harvey, 201, 202, 203; Mr. Miller, 201, 202; W. F. Wolfe, 203, 204; J. Gormly, 203; Wm. Kent, 204; Prof. R. C. Carpenter, 204, 205; C. F. Hopkins, 204, 205; H. J. Barron..... 205

No. 2. What is the Best Method of Piping or Connecting Radiators in a Hot Water System to Produce Uniform Results on a Plant with Long or Extended Mains?..... 206

No. 3. What is the Highest Temperature that can be Maintained in a Hot Air Furnace Without Detriment to the Air Passing Through It? 206; Disc. on, H. J. Barron, 206; J. J. Blackmore, 206, 207; W. F. Wolfe, 207, 209, 210; Wm. Kent, 206; B. H. Carpenter, 208, 209, 210; A. A. Cary..... 209

No. 4. What is the Value of Radiant Heat in the Fire Box of a Boiler? 211; Disc. on, H. J. Barron..... 211

No. 5. What is the Relative Value of the Fire Box and Flue Surface in Boilers? 212; Disc. on, H. J. Barron, 212; Wm. Kent..... 212

No. 6. Have the Recent Changes in the Form of Hot Air Furnace Construction Increased their Efficiency? 213; Disc. on, A. C. Mott, 213; S. A. Jellett, 213; W. B. Wilkinson, 214, 215; B. H. Carpenter, 214; W. H. Switzer..... 215

No. 7. What is the Proper Area for Fresh Air Supply for Direct-indirect and Indirect Heating? 216; Disc. on, H. J. Barron, 216, 217; S. A. Jellett, 216, 217; D. M. Quay, 217; W. H. McKiever, 217; W. B. Wilkinson.....217, 218

No. 8. Is the Present Form of Disk Fan and Blower Construction the Best than can be Devised?..... 218

No. 9. Is there a Satisfactory Combination of Interchangeable System by which Buildings may be Cooled or Warmed at Pleasure? 218; Disc. on, J. A. Connolly, 218; B. F. Stangland, 218, 220, 222; Prof. R. C. Carpenter, 218; Thos. Barwick, 218; C. A. Crosby, 218, 221; W. H. McKiever, 219; H. J. Barron, 219, 221, 223; B. F. Stangland, 220, 222; J. Inglis, 222; A. C. Mott..... 222

No. 10. Is there a Simple, Practical Method of Controlling the Amount of Heat Desired in Heating by Ordinary Direct Radiation? 223; Disc. on, H. J. Barron, 223; J. A. Connolly, 223; W. H. McKiever 223

No. 11. Is There a Simple and Correct Method of Determining the Extent of Vitiation of Air?..... 224

No. 12. What is the Cause and Preventive of the Corrosion of Steam Pipes when Packed in Mineral Wool and Placed Underground? 224; Disc. on, H. J. Barron..... 224

No. 13. What is the Most Efficient Form of Fire Box for Burning Bituminous Coal? 224

No. 14. What is the Relative Value of Fan Blowers of Large Diameter run at Slow Speed, and those of Smaller Diameter run at High Speed? 224

No. 15. What is the Maximum Velocity at which Air may be Introduced to Rooms Without Producing Noticeable Drafts? 225; Disc. on, S. A. Jellett, 225; C. F. Crosby, 225, 226, 229; H. J. Barron, 225, 227; B. F. Stangland, 225, 228; D. M. Quay, 227; B. H. Carpenter 228

No. 16. What is the Efficiency of One Air Outlet Compared with Four or Five Smaller Outlets in Different Parts of the Room?.. 229

No. 17. Is Not a Mixture of Coke and Anthracite Coal Cheaper Than and as Satisfactory as Anthracite Alone?..... 229

No. 18. Which is the Better, to Place the Thermostat on the Inside or Outside Walls? 229

No. 19. How Many Feet of Direct Water Heating Surface can be Supplied with Heat from One Square Foot of Water Heating Surface in a Combination Hot Air and Hot Water Heater? 229; Disc. on, J. J. Wilson..... 229

No. 20. How Can the Humidity in Buildings be Regulated?..... 231

No. 21. What Should be the Velocity of Flow of the Steam in the Pipes of a Low Pressure Steam Heating Hystem? 231; Disc. on, D. M. Quay, 231; H. J. Barron, 231; Wm. Kent..... 231

No. 22. What Should be the Relative Sizes of the Steam and Return Risers in a Two-pipe Low Pressure Steam System? 231; Disc. on, H. J. Barron, 231; D. M. Quay, 231; L. A. Jellett.....231, 234

No. 23. What is the Best Method of Connecting the Steam Pipe to a Power Header and From the Header to Engines and Pumps, 235; Disc. on, S. A. Jellett, 235, 238, 240, 241; A. A. Cary, 237, 240, 242, 423; H. J. Barron, 241, 242, 243; Wm. Kent..... 241

Transmission, Coefficients of Heat.....78, 79

Treasurer's Report..... 6

Two-pipe Low Pressure Steam System, Sizes of Steam and Return Risers in, Topic No. 22..... 231

Uniform Contracts and Specifications, Report of Committee on.....40, 64

Underground Steam Pipes Packed in Mineral Wool, Corrosion of, Topic No. 12..... 224

Value of Fire-box and Flue Surface in Boilers, Relative, Topic No. 5, 212; Large and Small Fan Blowers, Relative Value of, Topic No. 14, 224; Radiant Heat in Fire-box of Boiler, Topic No. 4..... 211

Velocity of Air without Drafts, Maximum, Topic No. 15, 225; Flow of Steam in Low Pressure Heating System, Topic No. 21..... 231

Ventilation, Act for Compulsory, 7; by a Chimney and by a Fan, Prof. R. C. Carpenter, Relative Efficiency of, 135; Wolfe, W. F., Disc. on Gravity System of Heating and.....112, 113

Vitiation of Air, Method of Determining, Topic No. 11..... 224

Volume of Air Passing through a Register per Minute..... 101

Wadsworth, C., Disc. on Method of Determining Free Area of Register Face 106

Walls, Loss of Heat through.....75, 76

Water Heating Surface in Combination Heater, Capacity of, Topic No. 19, 229; Ratings of House Heating Boilers, Relation that Should Exist Between the Steam and, A. C. Mott..... 258

Wendover, J. R., Disc. on Comparative Tests of Two Centrifugal Fans 193, 196

Wilkinson, W. B., Disc. on Recent Changes in Hot Air Furnace Construction and their Efficiency, Topic No. 6, 214; Disc. on Area for Fresh Air Supply for Direct-indirect and Indirect Heating, Topic No. 7.....217, 218

Wilson, J. J., Disc. on Capacity of Water Heating Surface in Combination Heater, Topic No. 19..... 229

Windows, Loss of Heat from..... 74

Wolfe, W. F., Disc. on Compulsory Ventilation Act, 21, 22, 23, 24, 25, 26, 60; Disc. on Uniform Contracts and Specifications, 50, 51, 54; Disc. on Volume of Air Passing through a Register per Minute, 106, 107, 108, 110, 111; Disc. on Gravity System of Heating and Ventilation, 112, 113; Disc. on Relative Efficiency of Ventilation by a Chimney and by a Fan, 148, 149, 150; Disc. on Mr. Bolton's paper, 174, 177; Disc. on Oil or Gas Fuel in Heating Dwellings, Topic No. 1, 203, 204; Disc. on Temperature of Hot Air Furnace, Topic No. 3.....207, 209, 210
Wool, Corrosion of Underground Steam Pipes Packed in Mineral, Topic No. 12..... 224
